Dear Friends,

We are filled with gratitude to God for giving us the inspiration and the privilege of bringing some of the most beautiful Sacred Art in the world out of churches and cathedrals and into homes.

The first time I saw the mosaic dome, *Creation of the Birds*, by the artist Sir William Richmond at Saint Paul's in London, I was dazzled by its beauty. Birds fly, walk and float through this lush depiction inspired by the words in Genesis, "Let the heavens be filled with birds of every kind."

When I stood inside the Washington National Cathedral and looked up at the *Creation Rose Window*, the light beaming through the Cathedral was awe-inspiring. This window was also inspired by a quote from Genesis, "....darkness was on the face of the deep....and God said, 'Let there be light,' and there was light.

We hope that the Sacred Art we have chosen to bring you will inspire you. Part of the beauty of owning these gorgeous silks is to use them to create a Sacred Space in the home that is conducive to prayer and inspiration. As you can see from our catalog, *Christian Silks* can also be worn in a variety of ways. Each silk comes packaged with the history of the Sacred Art and the Sacred Site from which it was created.

As I have traveled the world to visit these Sacred Christian Sites, I was moved not only by their extraordinary visual beauty, but also by the beauty of the heartfelt messages I heard over and over again from those I met. People throughout the world express a common desire for connection with God – including the qualities of world peace, love, understanding, kindness, service and love for humanity. This is truly the "Christian Way."

Blessings,

*Angela*

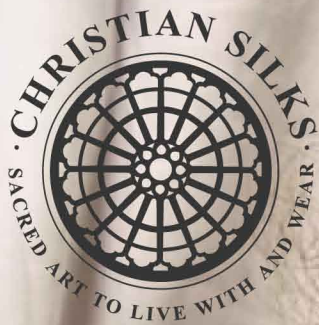

Angela Coppola

*Christian Silks* are packaged in lovely boxes. The silks are visible through the acetate window. The entire design is pictured on the back of each box, along with the story of the Sacred Art and the Sacred Site.
